LAHORE : Speakers in a conference has said that academia, civil society and government must act in unison to remove bottlenecks impeding girls basic right to education through implementation of the Article 25-A of the Constitution of Pakistan in letter and spirit.

Addressing the national conference on Girls Right to Education organised by Awaz CDS Pakistan here, Chairperson National Commission on the Rights of Children Afshan Tahseen stressed on the need of developing national and provincial education policies with particular focus on girls' education. She highlighted the bottlenecks concerning equity and quality in imparting quality educational for all. She said that lack of Implementation of Article 25-A is central to all challenges being faced by children and youths.

Chief SDGs Planning Commission of Pakistan Ali Kamal said that girls constitute majority of the out-of-school children population while the SDG-4 is enabler to achieve all other 16-SDGs. Chief Executive Awaz CDS Pakistan Zia-ur-Rehman demanded the government establish an effective tracking and reporting system to capture gender specific expenditures of education system for better policy making.

Highlighting the importance of girls education and the role it plays in country's development, experts stressed on the role of academia, civil society and government towards making education compulsory for all and remove the bottlenecks in the implementation of Article 25A of the Constitution of Pakistan. Special emphasis was laid on eliminating discrimination against girls towards provision of their basic right.

These thoughts were expressed by experts during National Conference on Girls Right to Education, organized by Awaz CDS Pakistan here.

Chairperson National Commission on the Rights of Children (NCRC) Afshan Tahseen, emphasized on the need of developing national and provincial education policies that will benefit the whole country. She highlighted how government can monitor the enforcement and administration of current

legislation and assess and solve the bottlenecks concerning equity and quality in imparting educational for all. Lack of Implementation of Article 25A is central to all challenges being faced by children and youth in our country, she highlighted.

Ali Kamal Chief SDGs Planning Commission of Pakistan, talked about current status of SDG-4 in the country and informed the factors hindering the implementation of Article 25 A. He said

that, girls constitute the majority of Out of School Children (OOSC) population. He further said that SDG-4 is enabler to achieve all other 16-SDGs.

Speakers at the conference appreciated Awaz CDS for providing such platforms to develop and monitor national and provincial education policies that will benefit all students, providing a valuable forum to share information and strategies to improve educational equity, advocating for girls education

and related issues, and monitoring the work of government on education policies and programs.

Convener at Parliamentary Research Group and Chief Executive, Vision 2047, Zafarullah Khan said that, there is a need to identify the reasons affecting education in the country. He said that Pakistan is a developing country and is far away from achieving the national and international educational targets. There are many stumbling factors in this regard like lack of educational funds; poor school facilities; poor management; absence of schools; unavailability of teachers; patriarchy and lack of awareness about the importance of education.

Chief Executive Awaz CDS Pakistan, Mohammad Zia ur Rehman said that "more than one decade has passed when Article 25A was passed by the Parliament of Pakistan whereas its implementation so weak that nothing has been witnessed beyond commitment.
